2. Installation adapter profile, push feed and divider for OTC

1. Mount Adapter-T-Rail at shelf front
 - please clean the surface before installation
2. Clip Frontstop of Compartment-Pusher onto Adapter-T-Rail. Install additional Compartments according to product widths
3. Fix the Push Feed in the middle. Clip the Push Fedd onto the Adapter-T-Rail
4. Pin up the label holder and insert the label-cards
